Town of East Windsor
Water Pollution Control Authority
P.O. Box 359
192 South Water Street
East Windsor, CT 06088

Separate sealed bids addressed to the Town of East Windsor Water Pollution Control Authority, for the following contract referred to as the "North Road Sanitary Sewer Extension" will be received at the Wastewater Treatment Plant office, 192 South Water Street, East Windsor, Connecticut 06088, until 10:00 a.m. on Thursday, March 10, 2011, at which time they will be opened publicly and read in the Conference Room.

The work to be performed under this contract includes an approximate 7,740 foot sanitary sewer extension along North Road (Rte. 140) in East Windsor. The proposed construction activities include the decommissioning of an existing pump station, the construction of a new pump station, the installation of approximately 7,740 linear feet of gravity sanitary sewer main, and the installation of approximately 1,040 feet of 6" and 8" force main. The majority of the installation will fall within the right-of-way of North Road (Rte.140).

This contract is expected to be funded in whole or in part using funds from the American Recovery and Reinvestment Act of 2009 (ARRA). Section 1605 of the ARRA prohibits the use of these funds unless all iron, steel, and manufactured goods are produced in the United States. All iron and steel manufacturing processes must take place in the United States, except for metallurgical processes involving refinement of steel additives. There is no requirement for the origin of components and subcomponents of manufactured goods. Products listed at 48 CFR 25.104(a) have been determined to be unavailable in the United States and if required for the project may be purchased from foreign sources. No unauthorized use of foreign iron, steel, and/or manufactured goods will be allowed on this project.

The Contractor(s) shall submit, with the bid documents, a certification that they will use iron and steel products that meet the ARRA requirements. The Contractor(s) shall also provide a certification with the closeout documents that all iron and steel materials actually used in the constructed works meet the ARRA requirements.

The Contractor must comply with the minimum rates for wages for laborers and mechanics as determined by the Secretary of Labor in accordance with the provisions of the Davis-Bacon and Related Acts. The Contractor shall maintain posted on site a copy of the Davis-Bacon and Related Acts poster, "Notice to All Employees Working on Federal or Federally Financed Construction Projects" (Form WH-1321). The Contractor must provide written certification that they and their respective subcontractors have complied with the requirements of the Davis-Bacon and Related Acts for the period during which the work is performed.

Copies of the Contract Documents may be obtained at the Issuing Office, (the office of the East Windsor Water Pollution Control Authority) at the Wastewater Treatment Plant, 192 South Water Street, East Windsor, CT 06088, for the non-refundable amount of \$70.00 for each set. A Pre-Bid Conference shall be held at the Wastewater Treatment Plant on February 22, 2011 at 10:00 a.m.
